Career Objective:

I am a Junior developer in training with skill sets in iOS and Web development. I'm looking to keep learning and growing as a developer and a person. I want to become a professional software engineer creating impactful experiences and products at a large company. I aspire to be a role model for other women and adults in alternative education.

Skills & Qualifications:

- iOS Development (Swift 4, Xcode 10, iOS12)

- Web Development (HTML5, CSS3, JavaScript, Bootstrap)

- Critical and Computational Thinking Skills

- Resourceful When Problem Solving

Work Experience

SHIFT LEAD, WALGREENS, GLASGOW, KY — AUGUST 2018-PRESENT

I am responsible for making sure the store is running smoothly, helping the Pharmacy when needed, and making sure all customers and workers needs are met. I made sure all customers are helped and had a great experience, and that all of my duties are completed in a timely manner.

BOTTLE OPENER, VANGARD, GLASGOW, KY — NOVEMBER 2017- AUGUST 2018

I was responsible for finishing jobs in the order they were given in a timely manner, and that all protocols were followed while doing my job. Under my supervision the pharmaceutical materials were handled following every protocol and standard that we have in a safe manner.
